The area is extremely dry.
We are ferrying water with a
pick-up from 6 kms away.

Right
Our clients!
In a make-shift class room.
We are constructing for them.

FRALIBI CDA and Tusaidiane Uganda are working together with PACT (previously OCBO=Orphans Community-Based Organization), who are operating a vocational training centre for youngsters. The training institute has a workshop for carpentry (furniture) and metal works (fence poles, gate, windows). The students have the opportunity to produce quality products on commercial basis for covering the costs of their education and the training centre. We are supporting them by using their products.
