25th of May 2021

INSPECTION REPORT KACHICA ACTION PLAN 2020 FOR KITCHEN AND MAIN HALL

The Inspection Team (Chairman Tusaidiane Uganda and Consultant Rachel Tushabe) went southwards to Rakai on Friday, the 7th of May to inspect the results. However, rain forced them to return to Kampala after having reached Kyotera.

On Thursday, the 20th of May, weather allowed us to go, although roads are still in a bad shape.

The quality of work during construction of the classrooms has been emulated and even better during the construction of the Kitchen and the Main Hall (for dining, meetings, and performances).

The village community is delighted. Many made mobile phone pictures during their visit. Children, also the ones who are supposed not to be in school because of Covid (e.g., the Nursery ones) can not withstand the playing tools.

THE KITCHEN

Spacious with 3 stoves and terrazzo top on food table

Gutters & pipes are well fixed with tap near tank for use in kitchen.

The finishing of the backside of the kitchen is well done with strong and reinforced veranda's. The Canteen door has a counter moving to the inside for selling articles.

The water tanks are well placed with at the right a tab with concrete slab for kitchen use.

Rainwater is collected from Kitchen and Main Hall roofs with a back-up system from the overflows of the 4 main tanks supplied with water pumped from the community borehole.

THE QUALITY OF FINISHINGS IS WELL ABOVE AVERAGE!

THE MAIN HALL

Main Hall and Kitchen form a coherent unit. The railings are strong and supported.

Hall and Kitchen can be entered by wheelchair and through steps.

Around the building there are well-finished veranda's.

The Main Hall has different functions: dining hall, meeting hall and theatre stage.

Eating must be a pleasure with such view at the back side. →

Also, the front view is a nice picture. →
